Please pick up, clean up when you're done!

It's an old-fashioned "SongFarmers Ice Cream Social and Picking Party" at the big barn ... meet and mingle with your new friends and enjoy the company of musicians from across the country while Raymond McLain and the students of the Kentucky Center for Traditional Music play onstage ... followed by a community picking jam. Bring your sittin' chair and your instruments and get ready for some fun ... and home made ice cream!

8PM

HOW THE GATHERING WORKS: we've scheduled specific events like workshops and performance stages ... however ... we want you to feel free to put a group together under a tree and start your own picking and song circles. We are a community of "front porch" minded artists ... and a "front porch" can be anywhere! **PLEASE BE AWARE OF YOUR SURROUNDINGS** ... if it's on the ground, pick it up!
